

SCOUT

The Cub Scout is one of the lightest forward fold camper trailers on the market and the perfect camper for those looking to get a 100% Australian Made forward fold off roader with all the essentials. With an AL-KO 8 Leaf shackle spring suspension, it's tough enough to tackle harsh terrains and rugged roads, but it's lightweight enough to be towed by most SUVs. This makes the Scout an ideal camper for those beach and caravan park holidays for the more casual camper, or the off-grid bush getaway for the more seasoned adventurer. As a forward fold, the Scout has a small footprint and was built using the unique Cub design, making it lightning-fast to set up, requiring only one person.

All model specification details are subject to change

‡ The tare and ball weights are a guide only and will change depending on drawbar layout and accessories fitted to your camper. Please discuss with a member of the Cub sales team prior to purchase. Each Cub Camper is weighed on completion of build and a precise written weigh bridge certificate is then provided.
